

Pashto Quran 102

Quran Tarjumah and Tafseer class

Tarjuma Section:

In the beginning of the class, each ayah word's meaning is taught with its root and similarities in Pashto language, making it easy to remember.

Tafseer Section:

Word meaning is followed by a detailed explanation of each ayah of the lesson. Our focus here at ArRahmah is to highlight the practical aspects of Quran in daily life, hence lessons are designed in such a way that hearts are softened and prepared to practice whatever is taught starting with baby steps.

Tajweed Section:

The purpose of our Tajweed class is to ensure accurate and beautiful recitation of the Quran by applying specific rules of pronunciation and articulation. It aims to preserve the original form of the Quran's revelation and convey its meaning correctly

Group activity:

Weekly 20-25 minutes review session led by a group leader to ask word meanings and questions from Tafseer and Tajweed in a friendly environment. The group leader also assists students with any difficulties related to the lesson. Over time, this activity helps foster strong bonds and often leads to close friendships among students.

Quiz:

Quizzes are made available on the website after the completion of every quarter Juz. Students must download, print, complete the test, and then either scan or take a clear picture of it and email it to the designated address in their group. If a speaking test is being attempted, students must record themselves and send the audio or video to the group leader. These tests primarily focus on word meanings, enabling students to understand the Quranic text by the end of the course.
